Revision Date: NEW

CHEMICAL:

- Moisture 7.7% +/- 0.3%

PHYSICAL:

- Image thickness 110 microns minimum
- Edible decoration weight TBD once design is finalized
- Image size TBD once design is finalized
- Case weight approximately TBD once design is finalized

RECOMMENDED STORAGE CONDITIONS:

- Temperature 80° F maximum
- Relative humidity 40% - 60%

PACKAGING SPECIFICATIONS:

- Quantity per case TBD
- Package TBD
- Each case will be labeled on 2 sides. The label contains the name, item number, date code, lot code.
- Lot code description – a six digit code, example 180112 means 18 = the year (2018 using last two digits), 01 = the month (January), and 12 = the day.

KOSHER:

- Products produced under the Cannacals™ brand have been manufactured under the supervision of the Kashruth Division of the Orthodox Union and are certified kosher pareve when bearing the OU symbol.

GENETIC MODIFICATION STATEMENT:

- Products produced under the Cannacals™ brand have been manufactured using ingredients that are free from genetic modification. All ingredients have either supplier certification or have been tested by GENETIC ID of Fairfield, Iowa, to ensure they are not genetically modified.

ALLERGEN STATEMENT:

- The following ingredients are not used in this facility and will not come into contact with the products being produced – Wheat, Milk, Eggs, Fish, Shell-fish (crustaceans), Peanuts, and/or Tree nuts.

SHELF LIFE:

- Cannacals™ are shelf stable. The shelf life of the product will be a minimum of 2 years when stored at the recommended storage conditions listed above. Product that is stored outside of the recommended conditions will not jeopardize the quality as long as the product remains dry. Product that is stored outside of the recommended conditions may have a reduced shelf life.
